CITY OF ROCKLIN

Calling all volunteers to participate in Creek Week 2003 April 5-12

The citizens of Rocklin are invited to join in volunteer activities designed to encourage the protection, restoration and maintenance of natural streams. Our City Council passed a resolution on February 25, 2003 in support of participation in Creek Week in an effort to raise public awareness of the many creeks that pass through the City.

On Saturday, April 5, 2003 volunteers are invited to assist in planting seedlings in Breen Park at 9:00 a.m. The park is located on Shelton Street near Breen Elementary School. A clean up event of open space and streams will be held on Saturday, April 12th from 9:00 a.m.-noon. Interested volunteers can meet at Lone Tree Park near Sunset Blvd. and West Oaks/Lone Tree Blvd.

The City of Rocklin Volunteer program is joining forces with the local Dry Creek Conservancy to support and appreciate the valuable natural resource of urban creeks. If you would like to be part of our long-standing tradition in Rocklin where citizens volunteer their time to provide quality services to the residents of our community, please join us at these events. **Contact Nancy Hartwell, City of Rocklin Volunteer Coordinator at 625-5052** for more information and directions.

If you would like more information on other Creek Week activities in our region please contact the Dry Creek Conservancy at 454-4544.
